Vista Bella

A vibrant blend of bountiful veges and retro graphics invigorates traditional Italian inspired design in Vista Bella from Fitz and Floyd. Featuring rich colors found in the freshest produce, Vista Bella brings to tableware the bouquet blends of vegetables found in today's textiles, from kitchen cloths to curtains to table linens. Look closely to see how even the forms of its garden animals are enlivened by the golden gourd, the dark green cabbage and the purple-tipped asparagus.

Global Market

Add a world of fabulous, faraway travel to the comforts of home with Fitz and Floyd's new Global Market. Drawing on the desire for more authentic, artisan qualities and the "trophy travel look" emerging in style today, Global Market matches motif designs native to Asia, India and other exotic locales with intense fashion colors. It's a multicultural combination with wide (make that "worldwide") appeal!
